- 19.2. The council may, by resolution duly notified prior to the relevant meeting of council, suspend any part of these Financial Regulations, provided that reasons for the suspension are recorded and that an assessment of the risks arising has been presented to all members. Suspension does not disapply any legislation or permit the council to act unlawfully.
- 19.3. The council may temporarily amend these Financial Regulations by a duly notified resolution, to cope with periods of absence, local government reorganisation, national restrictions or other exceptional circumstances.

Appendix 1 - Tender process

- 1) Any invitation to tender shall state the general nature of the intended contract and the Clerk shall obtain the necessary technical assistance to prepare a specification in appropriate cases.
- 2) The invitation shall in addition state that tenders must be addressed to the Clerk in the ordinary course of post, unless an electronic tendering process has been agreed by the council.
- 3) Where a postal process is used, each tendering firm shall be supplied with a specifically marked envelope in which the tender is to be sealed and remain sealed until the prescribed date for opening tenders for that contract. All sealed tenders shall be opened at the same time on the prescribed date by the Clerk in the presence of at least one member of council.
- 4) Where an electronic tendering process is used, the council shall use a specific email address that will be monitored to ensure that nobody accesses any tender before the expiry of the deadline for submission.
- 5) Any invitation to tender issued under this regulation shall be subject to the relevant Standing Order and shall refer to the terms of the Bribery Act 2010.
- 6) Where the council, or duly delegated committee, does not accept any tender, quote or estimate, the work is not allocated and the council requires further pricing, no person shall be permitted to submit a later tender, estimate or quote who was present when the original decision-making process was being undertaken.

New Parish Council Financial Regulations Appraisal.

Background: The Evenwood and Barony Parish Council (EBPC) adopted the latest version (version 1.0) of the regulations at the meeting of 08/07/2025. However, if you read the regulations carefully it is apparent that there are some of the procedures which, (if taken literally) it would be difficult to demonstrate compliance with. This does **NOT** mean that we do not comply, it is just difficult to demonstrate how we do it! Below I have set out some of the clauses [within the document] that appear problematic along with the suggested changes. It is important that having adopted these financial regulations that we can be seen to be fully in compliance with them, at all times when undertaking financial transactions on behalf of the Parish Council.

Findings:

(1). Regulation States: 2.2. The Clerk [with the RFO] shall prepare, for approval by [the council], a risk management policy covering all activities of the council. This policy and consequential risk management arrangements shall be reviewed by the council at least annually.

Current Position: It is not clear how the Parish Council currently complies with this requirement.

Recommendation: Parish Council should ensure that that all the necessary Risk Assessments (RA's) are in place, where omissions are identified new RA's will be implemented. All financial RA's will be reviewed at the Parish Council's annual budget setting meeting in November.

Responsible Financial Officer's (RFO's) comments: I believe the adoption of the National Association of Local Councils' *revamped Model Financial Regulations* brings together all the essential procedures and financial regulations that the Parish Council needs to implement, by way of the necessary risk assessments. The Financial Regulations are usually reviewed at the Parish Council's Annual Meeting each year in May or periodically in response to changes in legislation.

(2). Regulation States: 2.6 At least [once in each quarter], and at each financial year end, a member other than the Chair {or a cheque signatory} shall be appointed to verify bank reconciliations (for all accounts) produced by the RFO. The member shall sign and date the reconciliations and the original bank statements (or similar document) as evidence of this. This activity, including any exceptions, shall be reported to and noted by the council {Finance Committee}.

Current Position: The Parish Council does not currently verify the Bank reconciliation reports.

Recommendation: The Parish Council will elect at least one eligible member of the Parish Council to oversee the regular checks on Bank Reconciliation reports, verify their accuracy and report back to the Council. They should report back to the Council at least quarterly.

RFO's comments: The new Financial Regulations adopted by the Parish Council at its meeting held on Tuesday 8th July 2025 require that "at least once in each quarter, and at each financial year end, a member other than the Chair (or a cheque signatory) shall be appointed to verify bank reconciliations (for all accounts) produced by the RFO. The member shall sign and date the reconciliations and the original bank statements (or similar document) as evidence of this". This requirement has been discussed with the Chairman and we have agreed that at each monthly meeting a member other than the Chairman or an account user shall verify the bank reconciliation and then sign and date the invoices, bank statement, and schedule of income and expenditure as evidence of this. I believe this is even better than the minimum requirement to do so quarterly and at each financial year end.

(3). Regulation States: 2.7. Regular back-up copies shall be made of the records on any council computer and stored either online or in a separate location from the computer. The council shall put measures in place to ensure that the ability to access any council computer is not lost if an employee leaves or is incapacitated for any reason.

Current Position: It is not clear how and when current systems are backed up and if the Parish Council actually owns the computer that is currently used by the Clerk / RFO.

Recommendation: The Parish Council needs to verify the arrangements for the storage of all data held electronically. In the event that the Parish Council does not own the computer the clause (2.7) of the regulations should be amended to reflect the true position.

RFO's comments: The Parish Council currently lacks computer equipment and is reliant upon the Parish Clerk using his privately owned computer equipment for parish council business. The financial records are backed up with paperwork which would be accessible if the RFO leaves or is incapacitated.

(4). Regulation States: 3.7. The internal auditor shall be appointed by [the council] and shall carry out their work to evaluate the effectiveness of the council's risk management, control and governance processes in accordance with proper practices specified in the Practitioners' Guide.

Current Position: The Council has appointed an [independent] internal auditor; however, it is not clear how this has been documented within the current system.

Recommendation: The Parish Council need to ensure that the details of the internal auditor are recorded in the Parish Council's records, preferably the Parish Minutes. It is strongly recommended that the internal auditor is formally appointed annually, preferably at the annual budget setting meeting in November and the details recorded in the Parish Minutes.

RFO's comments: The Parish Council's internal auditor is formally appointed by the Parish Council on the recommendation of the RFO and the appointment is duly recorded in the minutes. On 10th June 2025 it was RESOLVED: To approve the appointment of the independent internal auditor [Halfpenny Accountancy] (minute no. 025/285).

(5). Regulation States: 4.8 Any member with council tax unpaid for more than two months is prohibited from voting on the budget or precept by Section 106 of the Local

Government Finance Act 1992 and must and must disclose at the start of the meeting that Section 106 applies to them.

Current Position: The Parish Council does not currently carry out status checks on members 'Council Tax' payment status and therefore it is not clear how any member that may be in default would be prevented from voting on financial matters.

Recommendation: An item should be added to the meeting agenda under the 'Declaration of Interest' section headed, 'Declaration of Council Tax Compliance' which Councillors alert the Parish Council if they are in default of section 108. Details to be recorded in the Parish Council minutes.

RFO's comments: It would be unreasonable to expect the Parish Council to carry out status checks on individual members' council tax payment status, but an item can be added to the agenda at the start of each meeting and recorded in the minutes: DECLARATIONS OF INTERESTS - To receive any declarations of interest in any items on the agenda, including declarations of council tax compliance.

(6). Regulation States: 6.2. The council must have safe and efficient arrangements for making payments, to safeguard against the possibility of fraud or error. Wherever possible, more than one person should be involved in any payment, for example by dual online authorisation or dual cheque signing. Even where a purchase has been authorised, the payment must also be authorised and only authorised payments shall be approved or signed to allow the funds to leave the council's bank.

Current Position: The Parish Council does not currently have dual signatories for online payments. Nor does it have a system in place for authorising payments, prior to payments being made.

Recommendation: Regulation 6.2 appears to be too complicated for a Parish Council of the size and structure of Evenwood and Barony Parish Council. This clause should be amended to reflect the current procedure i.e. all payments retrospectively approved at a subsequent Parish Council meeting.

RFO's comments: The current process for making payments provides a safe and efficient arrangement for making payments, to safeguard against the possibility of fraud or error. Any payment or purchase is authorised at the next available full council meeting. At each monthly meeting a member other than the Chairman or an account user verifies the bank reconciliation and then signs and dates the invoices, bank statement, and schedule of income and expenditure as evidence of this.

(7). Regulation States: 6.3. All invoices for payment should be examined for arithmetical accuracy, analysed to the appropriate expenditure heading and verified to confirm that the work, goods or services were received, checked and represent expenditure previously authorised by the council before being certified by the RFO. Where the certification of invoices is done as a batch, this shall include a statement by the RFO that all invoices listed have been 'examined, verified and certified' by the RFO.

Current Position: The Parish Council does not currently independently check and sign off invoices prior to payment.

Recommendation: Regulation 6.3 appears to be exceedingly complicated for a Parish Council of the size and structure of Evenwood and Barony Parish Council. This clause should be deleted from this set of regulations.

RFO's comments: All invoices for payment are examined by the RFO for arithmetical accuracy, analysed to the appropriate expenditure heading and verified to confirm that the work, goods or services were received, checked and represent expenditure previously authorised by the council before being paid, i.e. certified, by the RFO, this includes a monthly schedule of payments, i.e. statement, by the RFO that all invoices listed have been examined, verified, and paid.

(8). Regulation States: 7.1. Where internet banking arrangements are made with any bank, the RFO shall be appointed as the Service Administrator. The bank mandate agreed by the council shall identify a number of councillors who will be authorised to approve transactions on those accounts and a minimum of two people will be involved in any online approval process. The Clerk may be an authorised signatory, but no signatory should be involved in approving any payment to themselves.

7.2. All authorised signatories shall have access to view the council's bank accounts online.

Current Position: The Parish Council does not currently have dual signatories for online payments. Nor does it have a system in place for authorising payments, prior to payments being made.

Regulations 7.1 & 7.2 appear to be too complicated for a Parish Council of the size and structure of Evenwood and Barony Parish Council. This clause should be amended to reflect the current procedure. Reasonably practicable measures need to be put in place to ensure all payments are legitimate.

RFO's comments: The current process for making payments provides a safe and efficient arrangement for making payments, to safeguard against the possibility of fraud or error. Any payment or purchase is authorised at the next available full council meeting. At each monthly meeting a member other than the Chairman or an account user verifies the bank reconciliation and then signs and dates the invoices, bank statement, and schedule of income and expenditure as evidence of this.

(9). Regulation States: 13.6. Any repayment claim under section 33 of the VAT Act 1994 shall be made quarterly where the claim exceeds £100 and at least annually at the end of the financial year.

Current Position: It is not clear how this is documented within the current Parish Council financial systems.

Recommendation: All repayment of VAT should be clearly shown in the appropriate monthly summary of income & expenditure.

RFO's comments: The Parish Council is not registered for VAT but the RFO uses the HMRC online service (VAT126) to claim back VAT as the council is exempt from it as a local authority, public body or eligible charity. The current process for claiming repayments is on an "as and when required" basis, usually quarterly and at least annually at the end of the financial year. Any repayments are shown on the monthly schedule of income and on the regular budget monitoring sheet. A claim must cover a period of at least 12 months if you want to make a claim for less than £100; and must be made within 4 years of the end of the month in which the supply, acquisition, or importation occurred.

End Note: The above action plans are not intended to be a criticism of the EBPC's actions in adopting a rigorous set of governance regulations. In fact, this document is meant to ensure that these procedures are fit for purpose and appropriate to the level of [financial] risk to the Parish Council. It is acknowledged that most procedures as written are rarely fully perfect for use, indeed it is only after they have been in use for a period of time that they can be assessed for their suitability as a useful governance tool. Having carried out the 'audit' exercise it is suggested that the Parish Council now takes the recommendations on board, amends their regulations and issues the document as version 1.2.
